God bless you at Christmas and always.**

### **Leader's Message**

Give yourself a bit pat on the back!!  
We have navigated through a really tough year together.

Relationships are particularly strengthened when we go through hard times. This year, more than ever, we can genuinely express our appreciation for family and friends, including political friends!

It's been about one year since the provincial UCP and federal Liberal governments implemented the harshest and most draconian lock downs and pressures to try to force Albertans to be injected with an experimental "covid vaccine". Somehow this was supposed to be for the "common good". This injection was supposed to stop transmission of the covid-19 and stop people from becoming sick at all, or at least not severely. These so-called vaccinations did nothing that they were supposed to do. No good has come of any of this.

Albertans lost their jobs and businesses. They were unable to tend to their ailing loved ones. People still became sick with covid-19. Pastors were jailed. Isolation brought loneliness and trauma.

Through all this, tens of thousands of Albertans stood strong against this travesty, including the Advantage Party's members. Each and every person who stood against these injustices deserves a badge of honour.

The Advantage Party held a second Annual General Meeting on November 9, 2022 because our members asked for it. Advantage Party members enjoy having direct influence over the direction of the Party through policy and constitution resolutions.

Members who attended the November AGM passed policy resolutions to oppose digital ID. Our members do not want a monetary currency that can be controlled by the government. We strengthened our Policies and Principles on the right to bear arms to protect ourselves and our property.

The Advantage Party has come through 2022 stronger. My wish is that you stand strong and share goodness with all around you this Christmas season.

Anytime you like, please always feel welcome to pick up the phone and call me at (780) 803-3403.
